Resume Objective

A motivated Junior Full Stack Software Developer with a complementary background in project management and customer support. Innovative team player with a passion for continuous learning and development. I'm focused on learning the latest and best technologies to create sleek, responsive, and user-friendly applications.

Relevant Experience

Project Manager @ InnstantConnect

Jan 2017 - Present // Dublin, Ireland

- ▶ Following agile methodology for the software development process, part of the cross-functional team for the application development.
- ▶ Actively troubleshooting and testing processes to discover gaps in product functionality.
- ▶ Communicate and collaborate with multi-disciplinary teams of developers, designers, clients, and stakeholders daily.

IT Customer Service and Account Manager @ InnstantConnect

Jul 2015 - Dec 2016 // Dublin, Ireland

- ▶ Provided support and problem resolution to the clients including high-level support-related training and assistance of implemented software solutions.
- ▶ Tested sites in various browsers and devices to ensure cross-browser compatibility and responsiveness.
- ▶ Involved in project plan meetings with internal and external stakeholders to analyze business requirements and translated the same into the working model using Agile methodology.

Operations and Multi-Department Head @ McDonald's Croatia

Sep 2011 - Dec 2014 // Zagreb, Croatia

- ▶ Strategic planning, product portfolio management and application of information technology according to the corporate business plan.
- ▶ Managed Intranet site deployment (Microsoft SharePoint)
- ▶ Implemented deployment of NewPOS 6 system which improved operating results by 20% and upgraded customer experience by securing a variety of payment types to support various requests.
